

## **Abortion Practical Support Grant Request For Proposals**

### **Why is this funding being made available?**

On June 24, 2022, the Supreme Court overturned *Roe vs. Wade*, allowing states to ban or severely limit access to abortion. California took immediate steps to secure abortion rights and access. The 2022-23 California State Budget appropriated funds to establish an Abortion Practical Support Fund at the Department of Health Care Access and Information (HCAI) to assist pregnant people with direct practical support for the purposes of obtaining an abortion. California Health and Safety Code Sections 123451-123453 describe the program. HCAI has designated Essential Access Health (Essential Access) as the Program Administrator and the entity that will manage the distribution of the funds and ensure program compliance with statutory requirements.

## About Essential Access

Essential Access was established in Los Angeles in 1968, grounded in the belief that the ability to plan our families and futures and make informed, autonomous choices about our sexual and reproductive health are essential for overall health and well-being. More than fifty years later, our [2021 – 2024 Strategic Framework](#) builds upon our long-standing commitment to making access to high quality, comprehensive sexual and reproductive health services and information a reality for everyone – regardless of income, race, age, gender identity or sexual orientation, zip code, insurance or documentation status. We recognize that in order to truly advance our mission, we must address the root causes of sexual and reproductive health disparities head-on. Our [Principles of Equity + Roadmap for Action](#) provides an overview of our efforts to ensure that the future of sexual and reproductive health care is more inclusive, just, and equitable.
